

MAIL YOUR OWN Valentine

Who doesn't love getting mail? Instead of passing out your Valentines this year, a fun alternative is to send them in the mail! Grandparents, aunts, uncles, and family friends will be excited to receive a special note from your little one. If you're lucky, maybe they will write back so you can **READ** the note together!

Materials Needed:

- Construction paper or blank cards
- Envelope
- Postage stamp
- Your favorite art supplies (stickers, markers, etc.)

Mail Your Own Valentine:

1. Fold the construction paper and help your child write a message to their friends
2. Let your child decorate their valentine!
3. After they are finished, have them put their valentine in the envelope and explain how you address a letter.
4. Put the valentine in the mail and wait for your friend to receive it!

This is a fun way for your child to learn about mail and the postal service!

Share pictures of your child mailing their valentines by tagging us on Facebook or Instagram (@First5Lex)!
