

PUMPKIN PUZZLES

Fall is in full swing! **PLAY** with your little one as they learn their letters with pumpkin puzzles.

Materials Needed:

- Orange Construction Paper
- Green Construction Paper
- Black Marker, Crayon or Colored Pencil
- Glue
- Scissors

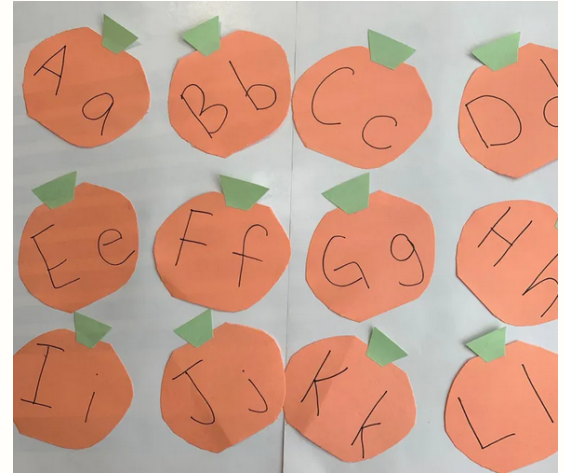

Image from Happy Toddler Playtime

Make Your Pumpkin Puzzle:

1. Cut out 26 circular shapes from the orange construction paper to represent pumpkins.
2. Cut out 26 triangles or squares to represent pumpkin stems.
3. Glue one pumpkin stem to each pumpkin.
4. Use a black marker, crayon or colored pencil to write capital letters, A - Z, on half of each pumpkin (one letter per pumpkin).
5. Depending on your little one's age, they might need help with this step.
6. Repeat step 2 on the other side of the pumpkin by writing the corresponding lowercase letter.
7. Cut the pumpkins in half to where the capital letters and lowercase letters are split.
8. Tip: Cut each pumpkin differently to make the activity more "puzzle" like.
9. Match the capital letter to the corresponding lowercase letter to make a full pumpkin puzzle!
