

PET Rocks

This is a fun way for you and your child to **PLAY** together as you celebrate Spring! You can display your pet rocks inside, or scatter them throughout your garden.

Materials Needed:

- Smooth rock(s)
- Paint
- Paintbrush

Optional Materials:

- Googly eyes

Small parts!
Please help children if you use this material.

Make a Pet Rock:

1. Find a small, smooth rock and make sure any dirt is brushed off
2. Paint the rock with your favorite paints!
3. Paint or attach googly eyes
4. Choose a place to display your pet rocks! If you have a garden, you can scatter them throughout that area! Note: if you do this, make sure to use waterproof paint or a clear, waterproof finish.
