How To Create Thankful Rocks:

1. Spend time outside with your little one as they find flat rocks.
2. Rinse off the flat rocks with water.
3. Wait for the rocks to dry.
4. Using paper and pencil, help your little one create a list of the things they are thankful for.
5. Let your little one paint the rocks however they would like.
6. Wait for the rocks to dry.
7. Once the rocks are dry, help your little one write the items from their thankful list onto the rocks with the black marker.

Heads Up: Be sure to help your little one avoid getting the marker on their clothes.

8. Display the thankful rocks around your home or yard for all to see!
